

DREAM42

The ultimate Fractional Ownership

The ultimate Fractional Ownership

Floating Life, the only company in the world with 15 years of experience,
in the management of yachts with a fractional ownership, is delighted
to introduce our Dream Line

DREAM FL42

THE INTELLIGENT WAY OF ENJOYING A SUPERYACHT

Have you ever dreamt of becoming the owner of a super yacht without having to pay its full amount or to be concerned about the crew that you will find onboard? If your answer is yes, then this might be what you are looking for. With this unique opportunity of paying only a reasonable amount at the time of purchase and then the yearly running costs, you will become a shareholder of a superyacht.

1 YACHT 7 OWNERS

SENSE OF FREEDOM

Nothing compares to the sense of freedom, exclusivity and privacy of owning a luxury yacht, yet the ownership is increasingly getting plagued by new rules and regulations, increasing maintenance and berthing fees with crew demands becoming even more challenging. Chartering a yacht, as an alternative, has both positive and negative aspects: such as not knowing the status of the yacht and having an unfamiliar crew on board.

THE FEATURES

31 DAYS JUST FOR YOU

Every Owner will enjoy 31 days of cruising per year. Our 15 years experience in the management of the fractional ownership allows us to create a calendar to perfectly rotate families on board during the year, defining the cruising areas too.

*DREAM*42

THE SLOTS

PERSONAL SLOTS

All the owners will have access to personal slots, which will rotate following the calendar created together.

- **6 nights** during the early season
- **9 nights** during the peak season
- **6 nights** during the late season
- **10 nights** during the extra season in the Caribbean

Floating Life's intention is to optimise investments on a superyacht: Clients may charter out their unused periods through our brokerage structure. Being a MYBA member, the Floating Life Charter & Brokerage Team has access to the largest network of charter professionals and therefore has access to the most exclusive calendar worldwide. Clients chartering their slots will perceive a net income, which could be used to reduce their investment.

CONCIERGE SERVICES

CONCIERGE DEPARTMENT

The Concierge Department enhances the travel experience and takes care of every request ranging from restaurant bookings, massage services, exclusive clubs and private transfers. We tailor each itinerary in the Mediterranean and Caribbean Seas according to the Shareholders' wishes. We then provide a list of services in each destination, to be customized according to their requests, including VIP Meet & Greet at the airport, transfers by luxury cars, tours and local experiences.

THE INTERIOR SPACES

HIGHEST COMFORT

Dream FL42 is designed to offer a large amount of space and liveability for its guests in the highest comfort. The yacht is designed with a large Owner's stateroom on the main deck featuring 2 folding down balconies, whilst the 4 VIP suites plus 2 twin cabins are placed on the lower deck. The spaces have been studied in order to offer each guest their privacy as well as having the opportunity to have social areas, such as the panoramic sky lounge on the upper deck and the generous dining area on the main deck.

THE FINANCIAL AGREEMENT

FIXED OPERATING COSTS

All the 7 shareholder will be charged with fixed operating costs, shared between them. If customers want to maximize their performance they can charter their slots through our Floating Life Charter & Brokerage team, receiveing a net rental business revenue.

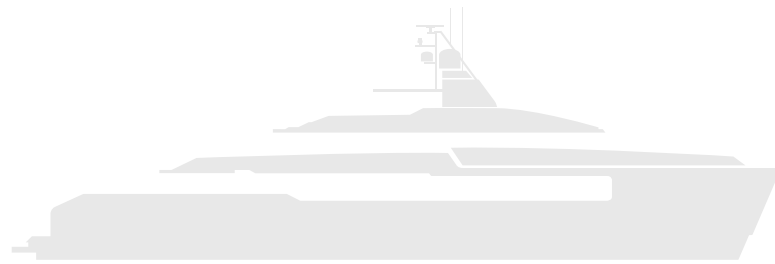

STRESS-FREE OWNERSHIP

FIXED OPERATING COSTS

The Floating Life team will take care of every aspect concerning the yacht, such as: administrative and fiscal matters, technical support, crew management and logistics. The Concierge department will focus on managing the customers who will use the yacht by providing them with the highest level of service. The Floating Life technical office is always committed to provide a dedicated assistance such as: finding spare parts and technical purchases, keeping the documents required by the Classification Society and the Flag State Authority updated and a supervision maintenance of the yacht in general.
